STATEWIDE

Delegation of Authority to the Chairperson of the Department of Land and Natural Resources For Hawaii Administrative Rules Covering Unencumbered Public Lands §13-221-4, 5, 9, 10, 12, 13, 14, 15, 17, 20, 23, 24, 27, 28, 32, 35, 45, 46, 47, and 48.

BACKGROUND:

In May 2010, our Hilo staff was contacted by the County of Hawaii, Civil Defense that the lava flow was moving close to or onto a State unencumbered property. The County Civil Defense had closed the public viewing area on private lands and was trying to keep the public a safe distance from the lava flow. There was a fishing trail on the State unencumbered parcel. Civil Defense and DOCARE were concerned that spectators would use the trail to get near the lava flow. The State unencumbered parcel is wooded and the lava flow could ignite the vegetation or at least generate a lot of smoke. Spectators venturing near the lava flow could become disoriented and possibly trapped by fire or the lava flow. DOCARE had recommended that we close the unencumbered State property.

Our Hilo staff with permission from the Chairperson and First Deputy immediately post 10 No Trespassing signs. (Exhibit A) Essentially closing off the State property pursuant to HAR §13-221-4 Closing of Areas. The board or its authorized representative may establish a reasonable schedule of visiting hours for all or portions of the premises and close or restrict the public use of all or any portion thereof, when necessary for the protection of the area or for the safety and welfare of persons or property, by the posting or appropriate signs indicating the extent and scope of closure. All persons shall observe and abide by the officially posted signs designating closed areas and visiting hours.

After the signs were installed, our Hilo staff worked with the Public Information Officer and a press release was issued. (Exhibit B)

Recently, it came to our attention that adjacent residents were using a State unencumbered property as a 'short cut' trail to get to a Kauai town. Our Kauai staff and DOCARE wanted to close the State unencumbered property due to public safety and health concerns. The supposed 'short cut' trail is not a Na Ala Hele Trail. It is not properly constructed and

managed. Therefore, it is not a trail. A site inspection was conducted by DOCARE. It was discovered that this supposed 'short cut' trail was located near a cliff. Upon consultation with the Attorney General's office, it was determined the Chairperson did not have the authority to close the State unencumbered property. Although, the current Hawaii Administrative Rules for Unencumbered Public Lands says: the board or its authorized representatives, and over the years, staff interpreted this to mean the Board or the Chairperson of the Department of Land and Natural Resources, the Attorney General's office has opined that the Board has to delegate the authority to the Chairperson of the Department of Land and Natural Resources in order to close the area.

DISCUSSION:

Our original intent was to delegate authority to the Chairperson for Closing of Areas. Upon a closer look, we discovered there are other categories that also identified "board or authorized representatives" that should be addressed. Our intention is to eliminate ambiguity and staff confusion.

As a global resolution, staff is requesting the Board delegate authority to the Chairperson of the Department of Land and Natural Resources on unencumbered lands covering:

DLNR CLOSES STATE LANDS, POSTS LAVA DANGER WARNING SIGNS

HILO -- Due to the recent lava flow activity along the coastal Kalapana region of the Big Island, the Department of Land and Natural Resources (DLNR) has closed to the public the adjacent State lands to the northeast of the flow.

Signs have been posted at various access points on the state land warning the public of the closure. The public is asked to respect the signs for their safety and not trespass.

“The State has the utmost concern for the safety and welfare of the people wishing to view the lava flow and therefore feels it is in the best interest of the public to close these areas,” said Laura H. Thielen, DLNR chairperson. “We are directing people to the Hawai‘i County’s new lava viewing area at the end of Kalapana road (Hwy. 130).”
